## BIG LIBERTY LOAN DRIVE REACHED QUOTA IN THE COUNTY IN THREE HOURS

The big Liberty loan drive started at 8:00 o'clock Monday morning, April 8, and within one hour reports began coming in that made the committee smile all over. It looked as tho the quota of \$25,000 would easily be reached by night.

THE UNIVERSAL CAR

Like the regular Ford cars the Ford Model T One-Ton Truck is a real farm necessity, just as it is the necessity of manufacturer, contractor and merchant. There is no question about it proving a money-saver right from the start. It is flexible; turning in a 46-foot circle; has 124-inch wheel base; the regular Ford motor with worm drive—and has proven as economical in operation and maintenance as the Ford Touring Car. The price of the truck chassis is \$600 f. o. b. Detroit. We urge placing orders without delay in order to get reasonably fair delivery. The demand is big—come in and let us talk it over.

### Liberty Loan Campaign Main Topic at B. T. Dinner.

The monthly Board of Trade dinner at Shoppenagon's Inn held last week Friday night was the largest attended so far this year.

President Harry Simpson presided at the meeting and after the dinner and while smokes were being enjoyed he called Mayor T. W. Hanson to talk. The latter told of the coming Liberty Loan drive and concluded his remarks with a splendid appreciation of Major Edward E. Hartwick, who, as was reported in our last issue, had given up his life in the service of his country on the fields of France. A committee was appointed to draft resolutions of sympathy to send to Mrs. Hartwick.

Among the several other speakers at that meeting were Maria Hanson, James A. Kalahar of Frederic, Rev. J. J. Riess, C. M. Morfit, W. F. Johnson of Roscommon, Prof. M. Otterbein, A. M. Lewis, A. L. Phelps, R. Hanson and others.

Every speaker had some good things to say and the sentiments expressed struck most responsive chords in the hearts of those present. Eloquent appeals were made for patriotism and team work in helping to carry on the work of the people at home during the war. One of the most stirring talks of the evening was given by Rev. Fr. Riess. His principal theme was "Liberty at any cost." He said this country was founded on liberty and won by sacrifice, and that we must make sacrifices for patriotism. Paul Revere's ride still sounds out the message "Liberty at any cost" today. Our revolutionary soldiers suffered the hell of war so that the flower of liberty might shine on forever. These are only a few of the excellent points of Fr. Riess' talk, which was one of the best the Board has had the privilege to hear this year.

A special matter that is of vital interest to us of Grayling was suggested by Mr. R. Hanson. That of securing a new postoffice building for this city. He requested that the Board of Trade write the postoffice department for specifications for such a building as they would require and terms of rental, etc. He said an option had been secured for a location on main street.

T. Hanson said the Board of Trade has the live wires of the town and could not understand why every business man in Grayling was not a member.

Others beside business men are eligible to join and we "want them to join," the speaker said.

The meeting adjourned with the members feeling that they could not afford to miss any of the dinner meetings, not so much for the food, which is always enjoyed, as for the real valuable constructive work that was brot about by the inspiring talks and discussions that follow.

Among the visitors from out of the city were Supervisor Craven, James A. Kalahar, C. S. Barber and H. L. Abrahams, all of Frederic; W. F. Johnson of Roscommon and C. T. Clark of Bay City.

IN MEMORY OF MAJOR E. E. HARTWICK.  
Mrs. E. E. Hartwick and Family:

Dear Madam: The members of the Grayling Board of Trade in the name of the citizens of Grayling and Crawford county wish to extend to you their sincerest and most heartfelt sympathy in this, your hour of trial. Major Hartwick has many times honored this community by his noble presence either as a resident or visitor, and we have, therefore, learned by association to love, honor and highly esteem him for his sterling worth, his prevailing cheerfulness, readiness to help, profound learning and great ability, and we were consequently greatly shocked and filled with deepest sorrow to learn of his sudden death in France, and at last night's meeting of the Grayling Board of Trade the undersigned were directed to transmit to you a slight token of the esteem in which your beloved husband was held by our members and the citizens of Crawford county.

You, yourselves, Crawford county and the community in which he lived can ill afford to lose so good and competent a man, so representative and efficient a citizen, and the country such a noble and brave soldier, with such noble characteristics as he possessed.

We know the blow is a severe one, but the God above, the Comforter of the afflicted, will sustain you in your sorrow and help you to realize that he, the departed, has poured out his blood for the glorious cause of Humanity and Liberty not only for our own country but for the whole world, and

To indicate the progress of the soliciting committee a huge thermometer was placed in front of the postoffice and the figures along the tube indicated dollars, beginning with \$500, running up as high as \$25,000. As the reports were filed with President Harry Simpson of the Board of Trade he reported the amounts to the Kraus hardware and the red line of the thermometer began rising.

Another hour passed and reports poured in like shot out of a machine gun and the committee could see that at that rate the quota was going to be reached much earlier than their fondest hopes might inspire. The red streak on the indicator was traveling at a rapid pace. By 11:00 a. m. Crawford county "went over the top" and it is still going.

Whew! It was some blow and it was hard to believe. At 5:00 p. m. the committee counted up the applications reported and it was found that more than \$31,000 had been subscribed and there were many committees yet to hear from.

One of the wonderful features of the drive was that a large proportion of the subscriptions were in amounts of \$50.00, and were received from working men and women, clerks, housemaids and from people of every walk of life.

Even before the hour had arrived for the committees to start out some were besieging the solicitor to take their money. Newton B. Goodar came up from down the river and demanded that he be privileged to purchase the first bond. Mr. Goodar had never taken a very active interest in any of the war movements in the past but like hundreds and hundreds of people throughout the state he began to realize that it was HIS fight as well his neighbors'. He will receive bond No. 1 of Crawford. He wasn't satisfied to loan Uncle Sam his dollars only but wanted to be allowed to help the solicitors. He reported Monday night that he received subscriptions from almost every citizen living in the east end of Grayling township.

A special matter that is of vital interest to us of Grayling was suggested by Mr. R. Hanson. That of securing a new postoffice building for this city.

He requested that the Board of Trade write the postoffice department for specifications for such a building as they would require and terms of rental, etc. He said an option had been secured for a location on main street.

Crawford County Boys Arrived at Camp Custer O. K.

Camp Custer, April 3, 1918.

Editor Avalanche,

Dear Sir, Will write you a few lines so the people of Grayling will know that we arrived here all O. K. and to thank them for the fine send off they gave us the night that we left. We wish also to thank the Red Cross and W. R. C. ladies for the kits, for they are a handy thing here, and the women who put up the lunch boxes for us. I think we were about the only ones on the train who had anything to eat. We did not arrive until after one o'clock the next day so you see we would have been sure hungry for we had no chance to get anything all the way down.

We are all under quarantine here for two weeks, is all the new men who came on the last call.

There are sixty men in the barracks I am in. Five of the boys I came with are with me here.

The five of us all took out \$10,000 insurance apiece.

We wish also to thank Mr. Hanson for the checks, for there are lots of things that you need when you get here that you could not get without money.

The boys all wanted me to write this letter so I did, so sign it for all of us.

Will close hoping to hear from you.

I remain Respectfully yours,

Frank Foreman.

Liberty Loan Meeting at Maple Forest.

On the evening of Liberty day a rousing patriotic meeting was held at the Edmunds school house in Maple Forest township. The schools of districts No. 1 and No. 5 had prepared an excellent program. The school room was appropriately decorated with the national colors and Liberty Loan posters.

Nearly every man, woman and child living in this township and a large number from Frederic filled the room to capacity and proved in every way their loyalty and patriotism. Veteran W. S. Chalker delivered an address that inspired the crowd as his words always do.

Gito J. Heber of Frederic in a short talk told in short, sharp words why everyone who held a love and reverence for the Germany of old should forget it. He said, "The old Germany that you and your fathers loved is gone. In its place has come this terrible military autocracy which must be crushed."

Wm. F. Johnson, agricultural agent; delivered Hoover's food message and proved that Germany had used and is now using lack of food as one of the greatest weapons of the war.

In every sense the meeting was a great success and everyone present proved himself 100% American.

An American Peace.

There can be no peace with honor or safety to ourselves or to posterity, except a just peace, and there can and will be no other peace. Work for peace accomplishes nothing but the hampering of our effort, the delay of the real peace, and a greater toll of death of America's fighting men. Our duty is to war for a just and righteous peace; to work or speak for any other peace is aid and comfort to Germany—injury and disloyalty to our boys in France.

# "Keep the Home Fires Burning"

Tonight there will be American boys in lonely listening posts far out in the desolation of No Man's Land, American boys in the darkness and the mud and cold of the trenches under the ceaseless thunder of guns and the scream of shells, American boys tramping along the pitch-black shell-torn roads.

Through the long, dreary hours, as they wait and watch in the dark, while dangers lurk on every hand, their thoughts turn to the homes they have left behind, homes on distant farms, in scattered villages, in great cities, and they see in imagination the pleasant home lights shining out into the night.

## *They Are Fighting to Keep Those Home Fires Burning*

Back here in the peace and safety of the homes they help in the bitter struggle that our boys must tonight and tomorrow night, and every day, and night until the final VICTORY is won. You must work to keep the home fires burning—for our sons in France.

They need guns and more guns, shells and more shells,

they need tanks and transports and airplanes, good food and warm clothes and medicines and hospital supplies—an ever increasing abundance of all the vital materials of war, if they are to drive the ruthless German invaders back within their own borders, and establish for all time the sacredness of American liberty and the safety of America's homes—*their homes, our homes.*

For these lads that are fighting and dying for you—do your share to send them to VICTORY. Invest today in Bonds of the Third Liberty Loan—**ALL the bonds you can. Keep the home fires burning.**

**Patriotism and Pythianism.**  
Judging from the reports of Grand Chancellor, Bob J. West, to the local lodge, regarding the patriotic activities of the Knights of Pythias in the Grand Domain of Michigan, the words Patriotism and Pythianism are synonymous terms.

The play however was staged for them by Othello Lodge of Bay City. Other teams and lodges having done splendid work along this line are Plainwell, Pilot, Sault St. Marie and many others too numerous to mention.

Besides the above patriotic work, for the benefit of all our soldier boys, whether members of the order or not, they are raising a "War Relief Fund" in the Supreme Domain approximating \$500 000 for the benefit of Pythians in the service, or their dependents, who may by reason of the same need temporary or other relief. Already this fund has been put to practical use and a wife and mother of a brother who has given his life for his country's cause have been assisted with this fund.

An appeal by the Grand Chancellor to the 175 lodges in Michigan has resulted in many new "Lessons of Friendship" teams being organized and thousands of dollars have been raised and given to the local Red Cross units as heretofore stated. The banner lodge to date in the raising of funds for this purpose is Grayling, having taken in for this purpose with the play and other work and enter-

The soldier boys realize how good

it is to be Pythians and that Patriotism and Pythianism go hand in hand. Many of our young men are looking into this splendid order, before going across the seas and will be the subjects of tender care by brothers over there because they are Pythians.

The order has upwards of 50,000 in the service and over 1000 of these are from Michigan.

**Will Help to Entertain Michigan Girls in Washington.**

The Members of the Congressional Club at Washington, consisting of the wives of Senators and Representatives in Congress, realizing the loneliness of many young women coming to Washington for war service work, are desirous of getting into friendly touch with them. A representative has been appointed from each state delegation who serve on the Club Committee in charge of this work.

Girls from Michigan who are entering the Government service in Washington, or their parents, or their friends are invited to communicate with the Congressional Club, 2001 New Hampshire Ave., Washington D. C.

### GROCERS HELP IN 50-50 PLAN

#### SIGN PLEDGE TO CARRY OUT FOOD ADMINISTRATION PROGRAM.

#### POST CARDS IN STORES.

#### Explain New Wheat Ruling to Thousands of Customers—Insures Greater Food Saving.

Grocers of the nation have accepted enthusiastically the 50-50 basis for the purchase of wheat flour and are doing their utmost to explain the new regulation to the housewife. This ruling by the U. S. Food Administration requires each purchaser of wheat flour to buy one pound of cereal substitute, one kind or assorted, for every pound of wheat flour. It was necessary to restrict the use of wheat flour in order that the allies and our fighting forces abroad might be assured of an adequate supply of wheat to meet their vital needs. This supply must come from our savings because we have already sent our normal surplus.

Wheat saving pledge cards were forwarded by the Food Administration to all retail food merchants, and these are being signed and posted in stores throughout the country. This card states: "We pledge ourselves loyalty to carry out the Food Administration program. In accordance with this order we will not sell any wheat flour except where the purchaser buys an equal weight of one or more of the following, a greater use of which in the home will save wheat:

Cornmeal, corn flour, edible corn starch, hominy, corn grits, barley flour, potato flour, sweet potato flour, soy bean flour, feterita flour and meal, rice, rice flour, oatmeal, rolled oats and buckwheat flour."

Some confusion has resulted on the part of the consumer in construing this "50-50" ruling to mean that an equal amount in value of substitutes must be purchased with wheat flour. This is a mistaken idea. The ruling states that the consumer in purchasing flour shall "buy at the same time an equal weight of other cereals."

One exception to this ruling is concerning graham flour and whole wheat flour, which may be sold at the ratio of three pounds to five pounds of wheat flour. This provision is made because approximately 25 per cent. more of the wheat berry is used in the manufacture of these flours than standard wheat flour.

Another exception is that concerning mixed flours containing less than 50 per cent. of wheat flour, which may be sold without substitutes. Retailers, however, are forbidden to sell mixed flours containing more than 50 per cent. of wheat flour to any person unless the amount of wheat flour substitutes sold is sufficient to make the total amount of substitutes, including those mixed in flours, equal to the total amount in wheat flour in the mixed flour. For instance, if any mixed flour is purchased containing 60 per cent. wheat flour and 40 per cent. substitutes it is necessary that an additional 20 per cent. of substitutes be purchased. This brings it to the basis of one pound of substitutes for each pound of wheat flour.

A special exemption may be granted upon application in the case of specially prepared infants' and invalids' food containing flour where the necessity is shown.

Some misunderstanding seems to exist on the part of consumers in assuming that with the purchase of wheat flour one must confine the additional 50 per cent. purchase to one of the substitutes. This is not the case. One may select from the entire range of substitutes a sufficient amount of each to bring the total weight of all substitutes equal to the weight of the wheat flour purchased. For instance, if a purchase of 24 pounds of wheat flour is made, a range of substitutes may be selected as follows:

Cornmeal, 8 pounds; corn grits, 4 pounds; rice, 4 pounds; buckwheat, 2 pounds; corn starch, 1 pound; hominy, 2 pounds; rolled oats, 3 pounds.

These substitutes may be used in the following manner:

Cornmeal, 8 Pounds.—Corn bread, no flour; corn muffins or spoon bread, one-fourth flour or one-third rice or one-third hominy; 20 per cent. substitutes in whole bread.

Corn Starch, 1 Pound.—Thickening gravy, making custard, one-third substitute in cake.

Corn Grits, 4 Pounds.—Fried like mush, used with meal in making corn bread.

Rolled Oats, 8 Pounds.—One-fourth to one-third substitutes in bread, one-half substitute in muffins; breakfast porridge, use freely; oatmeal cookies, oatmeal soup.

Buckwheat Flour, 2 Pounds.—One-fourth substitute in bread, buckwheat cakes.

Hominy, 2 Pounds.—Boiled for dinner, baked for dinner, with cheese sauce.

Rice, 4 Pounds.—One-fourth substitute in wheat bread, one-third substitute in corn bread, boiled for dinner (a bread cut), as a breakfast food, to thicken soups, rice pudding instead of cake or pie, rice batter cakes.

Several grocers have stated that their customers who strictly observe the 11 wheatless meals each week find it necessary to buy substitutes in addition to those ordered under the 50-50 plan.

#### World's Largest Candle.

The world's largest candle was manufactured for the Italian cathedral in accordance with an innocent prisoner's vow that when his innocence was proved he would show his gratitude in some extraordinary way. This candle was ten feet high, made entirely of beeswax, and cost £800. It measured eight inches in diameter and weighed 618 pounds, and it burned without once being extinguished for two and a half years.

#### ONE HUNDRED AND ONE GERMAN LIES NAILED BY ST. LOUIS REPUBLIC.

#### Kaiserite Busy In America Spreading German Propaganda.

German propagandists have been busy since the entry of the United States into the war. Falsehoods of every character have been spread over every section of the country with the idea of abusing the confidence of the American people. So persistent has been the circulation of these carefully moulded pro-German lies that an official exposure of them has been issued as a pamphlet, entitled, "The Kaiserite in America," by the Committee on Public Information, 8 Jackson Place, Washington, D. C. A copy of this pamphlet may be had free if inquiry will be directed to the Committee.

#### GERMAN COUNTERFEITING.

Tales have been current about interned German prisoners being fed five meals a day, about Red Cross supplies being sold to shopkeepers by dishonest officials, by criminal waste of

food at training camps and many other like falsehoods either designed to discourage volunteer Red Cross work and the loyal efforts of housekeepers to save food or calculated to create a troublesome distrust of the Government.

The circulation of these stories is often due to the folly of a citizen who wishes to appear to have "inside information" and who either innocently or intentionally starts a lie that rapidly grows worse as it spreads. A collection of such lies and their refutations has been made by the St. Louis Republic. A hundred of them are included in "The Kaiserite in America."

**NOTICE**—Attention is called to teamsters and others who may be handling rubbish to the town dump, that such rubbish should be deposited in the proper place within the dump and not be placed along the road sides. Anyone violating these provisions will be dealt with according to law.

## Lend Him a Hand

Your hand—my hand—

Every hand in the land stretched out to help him to VICTORY! That is the way that America is going to win this war. It is the only way she can win it.

We are fighting a United German people. Until *every* American is backing the boys in the trenches, until *every* hand in the land is stretched out to help, we cannot expect our army to defeat the German armies strengthened by the toil and sacrifice of the one hundred and fifty million people of Germany and her allies.

This is a war of national resources, and *everyone* must add his share to America's fighting strength if we are to make our superior resources count. Every hand in the land must be stretched out to help our boys if we would send them over the top to early and certain victory.

## Worth Fighting For

**S**HALL this little girl grow up in the sort of American home we know, healthy and happy? Shall she have the advantage of living and learning in a free land, under free institutions? Shall such children develop into the Liberty-loving citizens that a free America may be proud of?

For over two hundred years Americans have fought valiantly, and died gallantly, to win for themselves and hand down to their posterity the blessings of liberty, justice, self-government and equal opportunity. This precious heritage, bought at so great a price, is now threatened.

**The question which today confronts America as a nation, and you as an individual, is whether or not a free America is worth fighting for**

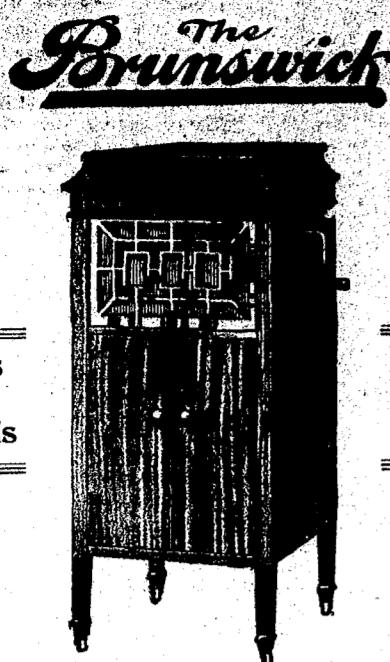

Are American children in this and all future generations to receive unimpaired the legacy of freedom of which we are now the custodians, or shall their country be turned over bodily to the brutal, rapacious, power-mad enemy which has forced us into this war?

This question cannot be answered by word of mouth, but by deeds alone.

values. We cannot always make a substitute taste the same.

Food is anything that when taken into the body builds the body. Food makes and builds up tissues. It supplies heat and energy.

Different foods that will build up the body: 1. Protein, one of food substances; 2. Carbohydrates, starch and sugar; 3. Fats, animal and vegetable; 4. Water and Minerals; 5. Vitamins.

Vitamins are very necessary to the growth of a person, especially children.

The Belgian and French children show the lack of vitamins. Also they show the lack of all kinds of food. They have lost on an average three years of growth. A child that is eight years old is no longer than a child of five years' should normally be. The future race will be these under nourished children.

L. TISSUE BUILDERS.

a. Protein. Protein builds up muscle. Protein foods do not contain all protein but a large amount of the food is protein. Animal foods contain all protein. Eggs, milk and cheese contain protein. Cereals and nuts are next to grains in giving nourishment.

b. Mineral Salts.

Mineral salts are necessary to form and build the bones of our bodies.

c. Water.

Water is a tissue builder. There is from two thirds to three fourths of our weight due to water. From three fourths to five sixth of a potato is water. If you burn a potato to ashes you will find only a small part is left. It is very necessary that we should have a good water supply. We must drink enough water to supply the amount that is lost. You must have a safe water supply. You notice I do not say pure, as water may look pure and cold and may not be safe. If you are not sure you have a safe water supply have it analyzed.

### COUNTY AGENTS COLUMN

The County agent during the past month has received 39 calls; has had 63 telephone calls all in connection with the work; has written 92 letters and mailed 368 circular letters written by himself; has had 11 articles in the press and distributed 584 bulletins; has addressed seven meetings with a total attendance of 602 people; has travelled 615 miles by rail and 298 miles by auto.

Members of the Crawford County Rural Credit association are invited to meet the County agent at the Court house in the village of Grayling on Monday, April 22nd at 2:00 p. m., for the purpose of taking up the matter of a protest and a request for re-appraisal.

Because, all charitable agencies need a large force of volunteer workers to help with the big increase in relief, investigative, and protective work arising from war condition.

Because, if you have any trained ability, there is a place you could be used—NOW—for the benefit of your community.

Because, if you have even half a day a week to spare, there is a big lot of work calling you—NOW.

Because, our boys are fighting in the trenches, and we should fight for them at home.

Because, this is a Government census, and whether or not you are able to offer or perform any service, IT SHOULD INCLUDE YOU!

### War Work for Women.

#### ANNOUNCEMENTS.

A class for instruction in registration work will be held in Frederic on Friday afternoon, April 12th and also on Saturday morning at 9:00 o'clock, April 13th.

It is requested that the captains of the census work in the various fire districts of the village of Grayling, T-Town and DuPont with all of their block workers meet at the Grayling Social Club rooms on Monday afternoon, April 15th at 2:00 o'clock.

The class of registrars, who took their instructions from Mrs. Plum are everyone requested to meet at 2:00 o'clock, Tuesday afternoon, April 16th at the Grayling Social Club rooms.

Immediately following the parade the people assembled at the school house and listened to one of the best addresses that has been given here on the war, by Rev. Lloyd C. Douglas of Ann Arbor.

Before introducing Rev. Douglas, the chairman, T. Hanson announced the progress of the Liberty loan drive here at home, which was "over the top and still going strong." In a few brief remarks Mr. Hanson gave honorable mention of Major Hartwick, who lost his life in the service in France March 31. He told of his life's progress from the time of his childhood up to the time he was last heard from in France. Major Hartwick was the first white child born in Grayling. Rev. Mitchell offered a brief prayer in memory of Major Hartwick.

#### AMERICA'S FIRST YEAR IN THE WAR.

Rev. Lloyd C. Douglas of Ann Arbor in his address on America's first year in the war gave one of the best talks we have had the privilege to listen to here since the war began.

He said that in this country capital and labor were never better, the business interests of the country are united, and the churches are united. We entered the war because we could no longer stay out.

He said Germany was the best organized nation on Earth, and told of the resources of that country and the resourcefulness of its people. He said that the man power of that nation was considered a thing; something to be used to gain power. They are a brave foe, and that they will fight until the last grain of powder and the last man, indicating the kind of a foe we had to combat.

Speaking of the Germans in this country he said that 12 months in war should be enough for them to correctly see the light. He pleaded for the people to be reasonable with such people and said if necessary we must teach them; must furnish them the lenses with which to see; must message it if necessary but finally they must be made to see. He would deal with them kindly but with unstinted firmness.

Judge Nelson Sharpe adjourned court long enough to attend the meeting that afternoon and of course was asked to speak. He said he could plainly see how Crawford county could be so foremost in the war work with T. Hanson as county chairman for he had tremendous influence over the people. It was the same with him, he couldn't get out of making a speech after Mr. Hanson had asked him to do so. He paid a brief but splendid tribute to Major Hartwick.

In referring to Rev. Douglas' talk he agreed with him that this was going to be a long war. He wanted the people to plan it with their savings, their mode of living and in their labors. He urged united efforts by the people.

Before dismissing the meeting the chairman announced that the ladies of the city had obtained subscriptions for Liberty bonds amounting to more than \$6,500, that forenoon. Again he warned the people of the county to stand shoulder to shoulder and to be on the lookout for German propaganda.

#### OBJECTS OF REGISTRATION.

That there may be a very clear understanding of the purpose of the registration of women for war service to be made by the Woman's Committee (Michigan Division) Council of National Defense, the following statement of the objects of registration has been given out by the Woman's Committee;

1.—To give every woman an opportunity to offer to her country such service as she is best fitted to render.

2.—To interpret to the Government the possibilities of the woman power of the country.

3.—To furnish accurate information to the Government of capacities in which women are now serving, whether in their own homes, or in paid pursuits, trades or professions.

4.—To have in every community lists of women carefully classified who are willing to be called upon for trained or untrained service to the state or, to the nation.

5.—To ascertain which women are available for service outside the home; and which are not.

6.—To list the women who wish to take training in order to give more efficient service.

7.—To be able to furnish women for salaried positions, whether in government service or not.

8.—To be able to place women who can volunteer their services in positions of usefulness in many fields.

9.—To have a registry of the capacities and training of women of the country as the basis of the work of the Woman's Committee of the Council of National Defense.

Three weeks ago the prices quoted for seed corn was from \$7.00 to \$9.00 for Dents and \$10.00 to \$12.00 for Flints per bushel. Now it is from \$3.50 for Dents to \$6.00 for Flints per bushel. Also for silage purposes Red cap dent and Leaming dent at \$3.50 per bushel. These prices at Bay City, bags 35 cents.

Because the substance of meat is called protein. It is necessary to have protein. It is very important as it builds the muscles. You may eliminate meat by using milk, either skimmed or condensed or pure, cheese, eggs. When using cottage cheese you need no meat or when using other dairy products.

Plant foods, cereals, grains and vegetables are good in proteins. Nuts furnish protein.

There are two classes of food, vegetable and animal. Do not depend too much on vegetable food. Animal food contains protein, but vegetable food does not. Gelatin is not composed in protein.

The Government has asked us to have meatless days in order to save the meat. But just now they are not sending any more fresh meat over there as there is no shipping room for it. Only salted and smoked meats are being sent, as they can't be put in a store house until sent away. We must be ready to do what the food administrator says and watch for word from him.

MEAT LOAF.

1 cup cooked rice; 1 cup tomato pulp; 1 cup chopped nuts; 1 egg; 1 teaspoon salt; 1/4 teaspoon pepper; 1 tablespoon chopped onion.

Do not have meat loaf too wet. You may use potato or bread crumbs instead of rice. Peanuts are better than English walnuts, but you may use any nuts desired. Chop onions very fine as it is not pleasant to get a large piece in your mouth when you are not expecting it. Bake about twenty or thirty minutes until firm.

CORN MEAL SOUFFLE.

1 pint milk; 1/4 cup of corn meal; 1 tablespoon of butter; 1 teaspoon of salt; 3 eggs; 5 tablespoons grated cheese; few grains of pepper.

Stir the corn meal slowly into the milk which has been heated with the butter and salt. The longer you cook corn meal the better flavor it will have. Next stir in the beaten yolks of the eggs. Allow this to cool. Then put in grated cheese. Last of all fold in the stiffly beaten whites of the eggs. Bake slowly for one half hour. This will serve six or eight persons.

You can make over old recipes into war recipes. Use left overs by making them into different dishes.

You may use left over fish or chicken by using: 1 cup of fish or chicken; 1 cup of rice or potatoes. Then add other ingredients, same as in the meat loaf.

You may make another dish by filling it with layers of macaroni and chicken and covering this with gravy or sauce.

### A PATRIOTIC DAY OBSERVED MONDAY.

#### STORES CLOSED DURING PARADE AND MEETING AT SCHOOL HOUSE.

Monday was a big day in Grayling. Besides the launching of the Third Liberty loan drive, there was a parade in the afternoon and this was followed by speaking at the school house.

The parade was made up of the children of the school, most of whom rode in autos. First came the Citizen's band, then school children on foot and lastly autos loaded with children. There were about 700 in the parade, and it reached four blocks in length.

Immediately following the parade the people assembled at the school house and listened to one of the best addresses that has been given here on the war, by Rev. Lloyd C. Douglas of Ann Arbor.

Before introducing Rev. Douglas, the chairman, T. Hanson announced the progress of the Liberty loan drive here at home, which was "over the top and still going strong." OUR  
SODA  
FINE  
DRINK  
IT!

Yes, drink our quality soda. The flavors have a delightful, smooth richness, just the right taste you want. And the beauty of it is that our soda not only tickles the palate, but it is so pure and free from harmful ingredients that it helps the system. Hundreds of folks in town say our soda is the best ever. Plenty of room for all and prompt attention. Our drug store is the best for quick and good service.

Mayor Hanson will go to South Branch township tonight to address a Liberty Loan meeting at the Roche school house. He will be accompanied by a number of Grayling citizens.

Next week the Avalanche will publish a complete list of Liberty loan purchasers in the county, compiled from reports on file at the Grayling and Frederic banks and lists of subscribers of the du Pont plant and the Michigan Central railroad company.

Forest and grass fires have been doing some damage south of the city, but it is believed that they are pretty well under control at this time. The grass is particularly dry and inflammable at this season of the year and the utmost care should be observed to prevent fires and efforts made to check any that may be observed.

Not only "Business as usual," but "More business" is our motto. This is as it should be, for to win the war there must be no "slacker dollars."

Spend wisely as well as invest wisely, for by so doing you can best serve Uncle Sam. You cannot be 100% efficient, however, if you are troubled with eye strain. You owe it to yourself and Uncle Sam to do your best, hence see Hathaway about your eyes.

Genuine surprise parties are quite rare affairs but such was the one planned by Mrs. A. M. Lewis for her friend, Miss Louise Trevigno, Tuesday afternoon. After Miss Trevigno arrived and had expressed her pleasure at finding her friends, the ladies showered her with a dozen hemmed napkins which she will surely prize. Miss Trevigno's marriage to Mr. Harry Connine has been announced for June.

The class in Applied Christianity enjoyed a social evening Thursday evening of last week at Danebod hall. They held a business meeting and enjoyed music by Hardquist's orchestra, after which they were guests of Percy Huston and Arthur Maxwell and their wives and partook of sandwiches coffee and fried cakes. For an after-dinner talk Prof. Osterbein made some very excellent remarks, which were appreciated by his auditors.

That rack is full of shoes, men's and women's, never taken from the sale. It's only a matter of size.

### EVERYONE MUST HELP.

Wars cannot be fought without money, and upon the Treasury centers every financial demand upon the Nation.

The rich of this country cannot alone meet the needs of the Nation; the men of the country cannot do it alone; the women of the country cannot do it alone; but all of us, the people of the United States, disregarding partisanship, forgetting selfish interests, thinking only of the supremacy of right and determining to vindicate the majesty of American ideals and secure the safety of America and civilization, can do the great and splendid work which God has called upon us to do.

W. G. McADOO,  
Secretary of the Treasury.

An Antipodean Mr. Blunderby. An old veteran who was for a long time curator of a college in Australia was noted for his malapropisms. One day he was summoned by two students from different ends of the corridor. The double summons exasperated him. "Gentlemen!" he exclaimed. "I really cannot be unique."—Boston Transcript.

For Billious Troubles.

To promote a healthy action of the liver and correct the disorders caused by biliousness. Chamberlain's Tonic is excellent. Try them and see how quickly they give you relief from food and banish that dull and stupid feeling.

Whooping Cough.

Give Chamberlain's Cough Remedy to keep the cough loose and expectoration easy. It is excellent.

If I Were a Farmer.

If I were a farmer I would keep a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Cold and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for cough, colds and cough.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Chamberlain's Tablets for stomach troubles, biliousness and constipation.

By having these articles at hand it would be easier to meet the trouble of a trip to town, in the busier seasons, in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

### Son's Letter to his Father.

When Lee Phelps, son of Mr. and Mrs. A. L. Phelps, left his parental home last fall to enter the U. S. service for his country he was inspired to do so, and this inspiration was backed up with the utmost courageousness. There isn't such a thing as fear in young Phelps' make-up.

He was a school boy when he left. He had good "stuff" in him and his classmates admired him for his many manly qualities. He said but little of himself but in his young life had observed and remembered the things that were going on about him.

He was not demonstrative in his manner among his classmates, and this same spirit was with him in his home life. The ties of home life were strong, and the council of his father played a strong part in the molding of his character. Between the two was cool, deliberate friendliness. There was no display of parental or fatherly affection but deep down in their souls was burning that love for each other than nothing can ever smother.

Lee left for the front. Finally his squadron was ordered over seas. It was now time for the son to put into legible form the words that would show his appreciation of the splendid guidance that had been given him in his days at home.

Lee is the only son and to say that his parents are proud of him would be putting it mildly. He is offering his best service, and if need be, his very life for his country.

Following is a letter recently received from Lee:

Garden City, N. Y.

166 Aero Squadron, Camp No. 2. Dear Father: I will soon be going over and I thought I would take this chance to tell you that I have appreciated everything that you have done for me, and if anything should happen I want you to know that I honor and love you as much as anyone ever could love and honor his father. And if the time comes I will fight and die like a man. I am going to see this war over in favor of U. S. and I am not fearing anything in the least. I am not saying this to be boastful but I want you to know how I stand. I have a fine bunch of officers and I will be there to obey them. I hope when you receive this that I will be on my way. Well as this is all I want to say I will close. I remain

Your loving son,

Lee R. Phelps.

Catarhal Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever.

Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give ONE HUNDRED DOL-

LARS for any case of Catarhal Deaf-

ness that cannot be cured by Hall's

Catarrh Medicine. Circumstances free.

# This War Must Be Fought On European Soil

If the peoples of the earth are not to become toiling millions for the Prussian Junkers and the Prussian Krupps, if they are not to be terror-ridden slaves at the mercy of a German Kaiser's will, Prussianism must be driven back within its own borders and kept there.

Not only English freedom, French freedom is at stake. Our own cherished institutions, our free government, all that our fathers fought for, all that free peoples prize, is threatened by an enemy that would impose his own hateful Kultur on every free institution in every liberty-loving land.

That is why the war must be fought on European soil. We are fighting in Europe now that we may not have to fight in America, on the very thresholds of our own homes, later.

We are fighting for the safety and liberty of our children, our homes, our country. No price is too great to pay for Victory.

Americans, you are called upon to back our armies in France, to furnish them the guns and shells and ships and airplanes, the enormous quantities of every sort of supplies that they must have to defeat the Prussian armies and drive them back across the Rhine.

# Will You HELP Bring Back The Boys of This Community?

Our boys, the boys from this town and this county and this state, are fighting the Huns. They are in the trenches in France, they are sailing the U-boat-infested seas, they are going "over the top" in the face of German cannon and machine gun fire.

Many, many more of our boys are now training and will soon be in France, and more are yet to be called.

And, remember, these are our boys; those who are near and dear to us. They are doing their ALL. They are giving their ALL. They are prepared to make the extreme sacrifice that our homes, our town, our nation, may escape the ravages of the Hun.

We want them—one and all—to come back to us—

## *Will You Help to Bring Them Back?*

Will you help to provide them with the things they need, with clothes and food and munitions, that they may complete as quickly as possible the terrible task assigned to them?

Will you support our boys while they are fighting for us, fighting the German autocracy that seeks to destroy our ideals of liberty and justice?

Compared to their heroic sacrifice our part is but small—that of providing the funds to keep them equipped; to build and man the ships that will transport their food, their clothes, their guns and their ammunition, and to pay for these things.

Yes, we, the people of this community, will support our boys.

We will do it by buying bonds of the Third Liberty Loan; by buying all these bonds we can; by making such sacrifices as are necessary to do this. That will be our support for Our Boys.
